UPGREEN YOUR CLEAN

Our products are probably the world's most decorated ecological cleaning products.

The Active Green products are certified & approved by ISO 900:2015, ISO 14001, "Eurofins Laboratories", Green Tag International, HACCP, Vegan Friendly, Kosher, PCR (Post Consumer Resin), Biodegradability and Antibacterials.

Green line global products were introduced, tested and approved in the Israeli market since 2012 and globally in Australia, Germany, South Africa, Panama, Costa Rica and India. Currently, we supply over 500 satisfied customers. Government organizations, global and local utility companies, commercial manufacturers, food processing and packaging facilities, cinemas, laboratories, hospitals, private labeling and custom packaging.

Our products are the result of a groundbreaking formula and are solely made from readily available food base ingredients. Our operating model complies with the vision of a "toxic-free world" therefore, we produce our cleaning materials to the highest environmental and sustainable world's standards. Greenline Global products are safe to produce, safe to use, safe to dispose of with no effect on humans, animals, aquatic life and earth.

we must return to earth”**

In addition to our environmental efforts, GLG positively impacts a conceptual change in the community. We donate part of our revenue to sustainable projects and programs for the youth. Our unique formula and products benefits directly the global environment and reduces the damage we leave behind for future generations.

Our proven success over the past years with 500+ customers, our diverse product portfolio and wide range of certifications makes ACTIVE GREEN an effective and sustainable alternative to the industrial, commercial and house hold markets.
